sideration.

vestigating Taylor.

Wm. McKinley is a successful brok-
er.

Thomas H. Clark is conducting the
business of widow Matthews.

Trustee Lewis H. Cornish will be re-
appointed.

Ex-recorder Bruce visited Manhat-
tan beach last week.

Mrs. Bruce will be able to leave the

at Saratoga Springs, New York.

S. C. was presented with a girl.

letters while in the city Post Office on
Monday.

Mrs. A. P. Albert is at St. Silcott
Springs, Va.

C. H. J. Taylor left for Indianapolis,
Ind., Sunday night.

The Congressional club went over
the B. & O. to Indianapolis.

The Bee's new steam power press
will arrive in town next week.

The negro daily is in some body's
mind.

Prof. J. T. Layton gave a concert
at Palace Park last Sunday for the
benefit of the knoxes' fire victims.

There will probably be some changes
in the supervising principles.

E. Murray has opened an ice cream
saloon in South Washington.

One of the finest ice cream saloons in
the West End is conducted by Mr. Low-
ery.

"I made Senator Martin and I can
make him," C. H. J. Taylor.

"I bank my own money,—thus I
take it out of the hands of my white
deputy which is an improvement on
the financial system of the recorders
office." C. H. J. Taylor.

"I have appointed a school teacher
from Georgia, who was kicked out of
the public schools of that place." C. H. J.
Taylor.

"I hired two state rooms but I was
told that I needed a coffin instead of a
Hurst." C. H. J. Taylor.

"If you can recommend a white lady
I will appoint her. No white man
need apply." C. H. J. Taylor.

"Col. Carson you can have four
places, I have no one from Kansas to
appoint." C. H. J. Taylor.

That decorated car with a brass
band did not leave the city with the
wind bag on it.

Do you want first class job work
done, if so come to the Bee office and
witness the propelling power.

A new commander of the first separ-
ate colored battalion is needed.

Judge Cole of the District Supreme
court has returned to the city.

Rev. J. Anderson Taylor went up in
his carriage to carry his children to his
wife. He returned and left for the
East on a vacation.

The people will put no more money in
that rotten steam boat company.

Work has begun on the 15th Street
Presbyterian church.

The 3rd Street Baptist church excus-
sion was largely attended.

Henry Johnson has got a cinch on
Taylor. He is Taylors confidential ad-
visor.

Geo. W. Smith has great faith in
what the Bee predicts.

Miss Summerville was dismissed be-
cause Jon. R. Lynch said that he had
never asked Taylor a favor.

A wind bag contains nothing but
wind. The wind is often foul. Very
often it will burst of its own accord.

Read the Bee and be happy.

Mrs. A. P. Albert and children, who
have been summering at St. Silcott Springs
Va., have returned to the city.

Miss Eva A. Harvey will leave the
city in a few days for Pureelville, Va.

Miss Ethna Sewell has returned to
the city after spending a pleasant vaca-
tion as the guest of Mrs. James Hicks
of North Fork, Va.

Mrs. Winston Williams of No. 1505
Q street n. w. is at Bealton, Va. for
the month of August.

Subscribe to the Bee.

THEY SAY.

The wind bag.

He must go.

The Civil Service Commission will
investigate him.

He must go,—which seems to be
the verdict of the people.

Don't be alarmed if you hear some-
thing drop.

The convention was a successful
failure.

The great politician P. B. S. Pinch-
back was lied to by the wind bag.

The governor did not ask him to
do him a favor.

He promised the governor without
him asking.

He carries Senator Martin in his
vest pocket.

He made Senator Martin, so the
wind bag asserted.

Fred Douglass and not Taylor is
recorder of deeds.

Henry Johnson is his second man.

Johnson has a pull on Taylor.

No person can be appointed in the
recorders office without the consent of
Douglass.

If I go on his bond I must be re-
warded.

The old man eloquent is no fool.

If Mr. Taylor is not recorder who
is?

It is King who will be a witness
against Taylor.

Some people will tell all they
know.

It is not wise to talk too much.

Listen to all that is said to you.

He took his spite out on Lynch by
discharging his sister-in-law.

Miss Foy has a cinch on Taylor.

How will Taylor explain this Nor-
folk engagement?

He was going, that was the short
of it.

The Hill was too high to climb
and he wanted Hurst.

He will take anything in sight.

Kansas is the best place for him to
go.

Bob Brown thinks the world of his
coot.

Bill Brooker will bet on blind
Tom.

A new commander of the first sepa-
rate battalion is needed.

It is going to ruin and no one is
to blame but Genl. Ordway.

Let us have a new commander at
once.

The Philadelphia House is one of
the popular resorts on the avenue.

Pete Meredith is a hustler.

The Holmes House is improving in
business.

The Steamboat company is a fake.

Patterson is worth more money to
day than he was two years ago.

There is to be an investigation of
the concerns.

The people should not buy any
more stock.

Stock is low and you should be
careful how you purchase it.

All the fool's in Washington are
not dead yet.

Taylor remarked that there was
not a decent woman in Washington.

There would not be if he got near
them.

This Kansas wind bag is loosing his
head.

His occupation is gone.

He should be removed and at once.

Political assessments are good to
be made sometimes.

Where there is a law it shou'd be
enforced.

The boat company is a failure.
The Police investigation will re-
sult in the removal of some one.

Read the Bee if you want reliable
news.

When you see it in the Bee you
can depend on it that it is so.

Have you paid for your Bee?

Would you read the Bee without
paying for it?

FASHION NOTES.

The autumn crepons, generally striped
with a peculiar crepy effect are ex-
ceedingly fashionable, as they make a
dressy costume at a little expense.

A very fetching costume can be
made of the new terra cotta color, call-
ed Boise-de-rose.

Silk under-garments, in a pretty
shade of lavender, bordered on all
edges with colored needle work is very
becoming and fashionable.

A handsome autumn toilette of two
toned chevrons in fine stripe, with skirt
in black of plain cloth, the color of
light stripe. The front part of the
skirt is apron shaped, with short back
skirt over the plain cloth petticoat.

Berge challic skirt, mounted full at
the waist, and fastened at the lower
part with fine rows of cord stitching is
very handsome.

An elegant casino costume is made in
silver white Mousseline de soie; skirt
mounted full to waist. The lower part
has pink Mousseline arranged in clus-
ters, allowing the ends to form tiny
lengthwise ruffles.

Soft wool burnous cloth showing a
combination of colors, in a thick cord,
on a ground of beige color also makes a
stylish casino toilette.

A new autumn shade is chame-
brown and can be trimmed with seal
brown ornaments made of braid which
make a very chic costume.

Goss hair cloth, a new autumn
goods, made with a plain skirt, fitting
body, with large buttons in front and a
blouse with large turn over collar and
flaring sleeve with large puffs above
elbow makes a nobly tennis costume.

A very beautiful dress for a girl from
ten to fifteen years can be made of
check woolen material in reds and
serpent green. The skirt is mounted
full to the waist with belt of red velvet.

A new autumn pelisse or crepe is
made in moire and velvet, in any de-
sired color. The borderings are jet
and a handsome jetted passementerie
collar arranged under the high plaited
collar.

White cornecolored and hya-
cinth colored dresses are among the
most favored ones; but above all is the
cornecolored, which is seen on dress-
es, hats as trimming, etc.

Silk muslin and crepon combined,
which is very fashionable make a very
favorite costume. The skirt can be
of black and pink striped crepon the
stripes going around the skirt and the
waist of plaited black silk muslin over
a pink faille.

THE FIRST SEPARATE BATTAL-
ION.

GOING TO RUIN.—MAJOR REVELLS
NOT THE MAN.

There is a general complaint against
the management of the first colored
separate battalion. In the issue of the
BEE a few weeks ago mention was
made about this organization and sug-
gestions were made whereby the organi-
zation could be improved. There is a
great deal of dissatisfaction among the
privates and officers and the blame
seems to be placed on Major Revells,
at present commanding officer.

The command is embarrassed on ac-
count of the inability of Major Revells
to give the proper commands. It is
reported that he must at all times con-
sult his adjutant before he can give the
proper command and very often when
he is told, he is apt to give the improp-
er order.

Genl. Ordway it is thought will make
a change if the proper representation
is made to him. It is believed that Genl.
Ordway, if asked would make a change.

For the good of the organization a
change is an absolute necessity.

THE AMERICAN LABOR UNION.

THE BLACK MAN ASKED TO JOIN.

There is organized in the city of Chi-
cago an organization known as the
American Labor Union. The Presi-
dent is W. C. Walsh, vice-president
W. H. Overton and M. A. Cogley is
Secretary and Treasurer.

One commendable feature about this
organization is there is to be no dis-
crimination on account of color. The
black man is asked to join and make
the organization a great political fac-
tor. The Bee suggests that some enter-
prising man within the race at the
capital commence to organize at once.
The constitution is fair and liberal.

THE CAT FIGHT.

The cat fight that is going on among the share holders of the Peoples Transportation company will cause a great deal of dirty linen to be washed. Patterson the president of the concern should be removed at once and some responsible and reliable man be elected in his stead.

The people are to blame more than Patterson. There are a certain class of colored people in this city who believe all that is said to them. It is only necessary for some well dressed negro to come in town; a fluent talker and that moment every negro in town will flock to him and call him the anointed. Before they are through the people's pockets are anointed and their money is weighed in the balances and found wanting.

The People's Transportation company is a gigantic fraud and criminal proceedings should be entered against those who are guilty of wrong doings.

A STRONG MAN.

No matter what Mr. Cleveland's politics may be, the American people must admit that he is a man of strong convictions. The BEE believes the president to be honest and sincere in all he does.

He is a safe man the country must admit and he will protect the interest of the people if he is permitted to do so.

CAPT. MEREDITH.

Among the many enterprising men in this city is Capt. Pete Mere dith of the National Guard and proprietor of the Philadelphia House. His place of business is one of the best known in this city and a number of years he has conducted a first class place.

GEN. ORDWAY ACT.

The BEE begs leave to call the attention of Gen. Ordway to the bad condition of the first separate battalion. It is important that Gen. Ordway should act at once and it is hoped that he will see the necessity of an immediate reorganization of the first colored separate battalion.

Prof. Langston's book is looked for with a great deal of anxiety.

Taylor must go, he holds Senator Martin in his vest pocket.

Corrupt politicians think it nice to play double.

Southerners will laugh in your face and at the same time stab you if they can.

Those who left for the Indianapolis convention was swallowed by the wind bag after their arrival.

It is understood that the wind bag will use his chopping axe as soon as he returns to the city.

By the death of Dr. Charles J. Osmun the medical profession loses one of the best physicians in this city. Dr. Osmun was liked by all who knew him.

In conversation with a representative of the BEE Senator Martin said that C. H. J. Taylor never at any time contributed to his election to the Senate. That is, he never gave him any political aid because he has always been a load to carry.

The Taylor convention was not at all representative in its character. The leaders of the colored democracy were conspicuously absent. McCant, Grimke, Downing, Matthews, Stewart, J. Milton Turner, J. A. Ross, W. E. Gross and others did not recognize Taylor's call.

THE INVESTIGATION

OF THE STEAM BOAT COMPANY

Lawyer E. M. Hewlett is conducting the investigation of the alleged People's Steamboat Company. It will show that the people have put in their money and will get nothing in return.

It is so strange that some of the officers of the company are people who have been connected with all kinds of schemes. Some of the men who have heretofore been connected with other enterprises have more or less failed and there is nothing to which they may be connected but what doesn't prove a failure. These men who are now causing the investigation, were the very ones to praise the enterprise when the BEE declared the concern to be a fraud. It was the BEE that opened the eyes of the people, it was this journal that said several months ago that the people would be fooled and some of the very men who have employed Mr. Hewlett to investigate the institution. If the people would only listen a while when they are told of these frauds they would not loose so much money. It is about time for Miss Maria Jordan to follow her legitimate business of school teaching and cease mixing up with so many questionable enterprises.

It is hoped that Mr. Hewlett will investigate this matter to the fullest extent and that the people get the worth of their money.

HINTS TO MEN:

Men should not marry girls older than themselves.

Old men should not associate with young misses it looks hidious and out of place.

Because you own property and have title don't think that every girl in town is in love with you.

It is not wise for a young man to allow his sweetheart to know all of his business before marriage, for she seldom knows how to keep it.

Men should not expect women to do more than what they are able to do.

Some men won't believe a woman is sick until she is almost dead.

A good man is an honest man and an honest man is in seldom found.

Will a man seek to be with a woman he doesn't care for.

Some men despise a woman and they are always with them.

If a man loves a woman he will not postpone their marriage.

Watch the man who is always expressing his sentiments and never proposes.

A young man should not be foolish enough to enter a lady's house after 9 o'clock although she might be silly enough to ask him.

Men should not accuse a woman of misconduct or neglect until he knows it to be a fact.

An honest man will not become so jealous as to do an injury to the one in whom he confides.

Men should learn to be more lasting in their friendship and not as easy to become friends to each other.

Men have begun to admire women not style, fame not fortune.

The neatness of dress leads to great success in a man's business, as clothes effect feelings and feelings effect work.

It is strange to see a man untidy and appreciate tidiness in another, but such is the case.

Don't ask others to do what you have failed to do, especially be it pleasant or not.

Men should realize that women know as much as they and can oftentimes give them good advice.

FRED. DOUGLASS RECORDER.

If it had not been for the Hon. Fred Douglass, C. H. J. Taylor would have made more blunders in the office of recorder of deeds than he has. Mr. Douglass has given him good advice but notwithstanding, Taylor will commit blunders. Taylor is under many obligations to Mr. Douglass and those persons indorsed by Mr. Douglass, Taylor dare not remove.

The BEE as well as the people knew the moment Mr. Douglass went on Taylor's bond that he would run the office. Mr. Taylor will not say that Mr. Douglass doesn't run his office. Taylor will not deny that the first appointment that was made him for Mr. Douglass

REFORM.

"I carry the money to the bank myself. C. H. J. T.

"You can have the benefit of my silence," Mr. Taylor.

John R. Lynch.

"Your sister-in-law Mr. Lynch must suffer. Hence she is disgraced." C. H. J. T.

"Tell her I am going to Norfolk and the state rooms have been engaged." C. H. J. T.

"If you borrow me a hundred dollars you can have the Index Clerkship. C. H. J. T. to the editor of the BEE.

"I have property in eight states yet I had to borrow a hundred dollars. I can furnish a bond myself with 20 dollar gold pieces. Yet I have to borrow a hundred dollars C. H. J. T.

"I am coming to your house to live and for you alone." C. H. J. T.

"Go home ladies, I hope you will have a good appetite. I will see you later." C. H. J. T. when the office of recorder of deeds was turned over to him.

MR. BLUFF.

EXTRACTS FROM ACT FIRST.

Miss Giddy Head: How do you do Mr. Bluff, I am ever so glad to see you.

Mr. Bluff: Ah Miss! What can I do for you?

Miss Giddy Head: Do for me? Nothing Sir. You don't suppose I want a place in your office? They tell me you are a master. Away you impudent rascal I don't go on steam boats.

Do I read the BEE? Of course I read the BEE. Blackguards don't read it because they are afraid of it. Decent people read it, because it tells who the blackguards are.

Great Scott. Read the BEE, of course I read the BEE.

Read next week's BEE if you want to know something.

FRED'S WIFE IN IT.

OUR FLAG INSULTED.

TRAMPLED UNDER FOOT AND THE BRITISH FLAG HOISTED IN ITS PLACE.

London, Aug. 15.—A dispatch to the Times from Port Limon, Costa Rica, dated August 12, says: "The British cruiser Mohawk has arrived here from the Mosquito country with Chief Clarence and 112 refugees aboard. Bluefields was retaken by 2,000 Nicaraguans, who arrived from Rama and Greytown aboard transports flying the United States flag.

The American marines re-embarked on their approach, abandoning the American residents, many of whom removed the national flag from their houses, trampled upon it and hoisted the British flag. The Nicaraguans officials, on entering the government house, hauled down and tore into shreds the Mosquito flag and arrested numerous Americans and Jamaicans suspected of sympathizing with Chief Clarence. Capt. Stewart, of the Mohawk, went into the prison and rescued all who were willing to claim British protection.

The Mohawk remains at Port Limon awaiting orders from Great Britain. Chief Clarence is still aboard the Mohawk."

LICQUOR DEALERS.

WHAT THE WINE AND SPIRIT GAZETTE SAYS ABOUT MGR. SATOLI'S VIEWS.

New York, Aug. 15.—The Wine and Spirit Gazette says: "A careful review of the whole matter justifies us in stating that Mgr. Satoli's views of the relation between liquor dealers and the church are not likely to be carried out by the bishops in the cities of the country. We predicted such result in our issue of July 25. The full discussion which the whole matter has received in the press has been the means of disclosing the dignitaries of the church a great light. Archbishops and bishops have publicly declared their intention of ignoring Mgr. Satoli's admonitions. The result is a great triumph for the cause of personal liberty.

TWO FIENDS.

INDIGNANT WHITES LYNCH NEGROES FOR A VILE ASSAULT.

Jacksonville, Fla., Aug. 15.—Two negroes, who outraged Miss Pitts in Lafayette county a few days ago, were caught near McAlpine and confessed their guilt. They were taken to the scene of the crime and lynched. The victim was only fourteen, and her mind is so affected by the terrible experience that it is feared she may never recover her reason.

MILLIONS OF GALLONS OF WHISKEY.

Washington, Aug. 15.—Reports received at the treasury department, from whiskey-producing centers, state there is a great rush to take whiskey out of bond at the old rate of ninety cents a gallon before the new tax, \$1.10 per gallon, becomes operative. At most of the large distilleries whiskey in bond has already been gauged, ready upon payment of the tax, to be withdrawn. A conservative estimate places the amount of whiskey in bond at 60,000,000 gallons.

Raising the Price of Whiskey.

Peoria, Ill., Aug. 15.—The Distilling and Cattle Feed Company has advanced prices three cents all around. This was due to the big increase in the demand for the products caused by the passage of the Senate bill. The force of gaugers has been largely increased, and the revenue collections jumped from \$20,000 a day to more than \$164,000. This increase is expected to continue till the tariff law goes into effect.

Mr. Thomas Smith one of the most highly respected young men in the city, who had been sick for some time with consumption died last Sunday night. His funeral was preached by Rev. Wm. Gibbons at the Mt. Carmel church Tuesday afternoon. His dying testimony was exceptionally impressive while the exercises at the church were well attended.

Hon. Fredrick Douglass wants the office of vice President of the United States abolished. He says this is necessary because the position is a constant menace to the President. "Weekly

Brotherhood."

The wind bag from Kansas, C. H. J. Taylor, because the Hon. John R. Lynch one of the most prominent colored men in this country declined to get on his knees and ask favors at the hands of the wind bag, attempted to humiliate Mr. Lynch by dismissing from the recorders office, his sister-in-law, Miss Summerville. The wind bag has got to go.

On the account of the dull times but a few of the teachers left the city this summer.

Miss Mary Jane Patterson is quite sick at home.

Do you want good Job Printing done, if so call at the BEE office.

After Ex-Governor P. B. S. Pinchback wined and dined the Kansas wind bag, unsolicited by Mr. Pinchback, he was promised that his boy should be retained.

The associations of the Kansas wind bag are below par.

Mrs. James Matthews and daughter are in Lincoln, Loudoun Co., Va. enjoying the heated term.

Mrs. Johnson of Ver...ount ave. n. w. spent a few days week before last with her brother in Leesburg. She and her grandson are now the guests of Mrs. Jno. R. Webb, the hostess of Silcott Springs.

Geo. W. Smith is Taylor's confidential man. He cannot get along without him.

Hon. John R. Lynch is too great to stoop to small things.

The wind bag set out a colored faced woman as a duck.

She failed to visit the BEE.

Mr. Astwood went to Indianapolis and supported the wind bag after he refused to see him at his office.

Senator Mandason made a strong appeal for the Ford Theatre sufferers in the Senate this week.

Full account of the Taylor convention will appear in the next issue of the "Bee." There were only 20 delegates present and J. Milton Turner made the principal speech.

Mr. Geo. W. Stewart was on the George Leary when it was struck three times by lightning this week.

The colored detective Henry Lacy is making a good record.

LOW TARIFF.

Was the Decision of the Democratic Caucus—Senate Bill to Pass.

Washington, Aug. 13.—The passage of a low tariff bill is now assured. At the Democrat caucus this morning the Crisp resolution to accept the Senate bill was adopted by a vote of 130 to 21. Speaker Crisp's resolution was that the House should recede from its position and accept the Senate bill. The resolution also includes a provision placing barbed wire, sugar, coal and iron ore on the free list by a series of separate bills.

One hundred and fifty-three members were present at the caucus when Chairman Holman called it to order. Mr. Wilson took the floor, evidently laboring under deep emotion. He devoted the opening portion of his speech to making explanations of the embarrassments under which the House labored. That they failed to reach a satisfactory conclusion, honorable alike to the House and the Democratic party was not their fault. He made the startling statement on the authority of a leading Democratic Senator that the trust had bought \$112,000,000 worth of sugar in foreign markets in anticipation of the Senate schedule receiving the approval of the President. This will result in a profit of \$40,000,000. His declaration that "the Sugar Trust has the people by the throat," and that it was now "a battle between the people and the trust," received hearty applause.

Speaker Crisp followed. He began by saying the House must take the Senate bill. He moved that the House recede from its position and accept the Senate bill, which motion was carried.

The injured men were employed in the railroad shops, and were riding to their work on a freight train. Their names are John Sulkowski, leg crushed, had to be amputated; Michael Fisher, four ribs and right arm broken; Tony Janoski, injured internally.

Anderson, Ind., Aug. 13.—Tom, the twelve-year-old son of Thomas Dickinson, of Pendleton, saved a score of lives last night. A passenger train was side-tracked at this city waiting for a fast freight to pass. By some oversight, the switch was left open. Tom, who was playing near by, noticed it was open. He took in the situation, grabbed the handle, and when the engine was less than fifty feet away, threw the switch. The next instant the freight train rumbled past the passenger coaches. As the freight train was going at a high rate of speed, a wreck would have been terrible.
